USDA RURAL DEVELOPMENT ANNOUNCES FUNDING FOR TEXAS BEST ORGANICS, LLC

CHINA, TEXAS, February 7, 2005 – Bryan Daniel, USDA Rural Development State Director, announced today that Texas Best Organics, LLC was selected to receive a \$150,000 Value Added Producer Grant. The funds will be used for working capital to market organic rice flour.

“USDA Rural Development is committed to helping agricultural producers become more profitable through value-added agricultural business opportunities,” said Daniel. “This grant will enable Texas Best Organics to explore new ways of pursuing additional markets.”

The VAPG program is designed to provide agricultural producers or rural businesses with grant funds to further refine agricultural commodities and increase their value to consumers. The grant also provides capital to allow producers to better market their products so that they can compete in domestic and international markets. Recipients are required to obtain matching funds, which will double the impact of the USDA grant. Funding of individual recipients will be contingent upon meeting the conditions of the grant agreement.

Authorized as part of the 2002 Farm Bill, the Value-Added Producer Grant may be used for feasibility studies, developing business plans, or working capital for marketing value-added agricultural products and for farm-based renewable energy. Eligible applicants are independent producers, farmers and rancher cooperatives, agricultural producer groups and majority-controlled producer-based business ventures.

USDA Rural Development was created in 1994 and with a mission to use the resources of USDA to help enhance the quality of life for the nation’s rural residents. For more information regarding USDA Rural Development programs, please contact the Angleton Local Office at (979) 849-5251, Ext. 4.
